A new tradition in Nevada and Cyclocross. The Nevada State Cyclo-cross Championship is open to all athletes as a USA Cycling-Sanctioned cyclocross race but only Nevada residents will compete for the Nevada title. Standard USA Cycling points and regulations apply to all athletes.

Cyclo-cross is the only spectator-friendly hybrid sport where professional road cyclists and professional mountain bikers compete against each other on an aggressive course consisting of manmade and natural obstacles.

The race expo will include state and local Nevada businesses, great food and drinks.
